Coláiste Bríde is a Catholic School founded by the Mercy Order under the trusteeship of CEIST. It has a long tradition of academic excellence and is committed to the development of the whole student. It offers a curriculum designed to meet fully the needs of the student.

The school wishes to cater for the academic, spiritual, moral, aesthetic, interpersonal and physical needs of the student. The characteristics of the school are the pursuit of tolerance, compassion and a sense of justice and equality for all.

We aim to develop in each student, confidence, self-respect and respect for others.

The school and its staff value its partnership with parents in meeting the personal and educational requirements of students and staff alike.

The core values of CEIST are :

Promoting Spiritual and Human Development

We believe a knowledge of and a personal relationship with Jesus Christ gives meaning and purpose to our lives.

Achieving Quality in Teaching and Learning

We are committed to excellence and to continually improving the quality of teaching and learning.

Showing Respect for Every Person

We respect the unique and intrinsic value of every person.

Creating Community

Our schools are faith communities of welcome and hospitality where Gospel values are lived and where there is special care for those most in need.

Being Just and Responsible

We seek to act justly and responsibly in all our relationships

The Board of Management has drawn up a Critical Incident Management Plan as one element of the school's policies and plans.

Critical Incidents

The staff and management of *Coláiste Bríde* recognise a critical incident to be “an incident or sequence of events that overwhelms the normal coping mechanism of the school”. Critical incidents may involve one or more students or staff members, or members of our local community. Types of incidents might include:

- *The death of a member of the school community through accident, violence, suicide or suspected suicide or other unexpected death*
- *An intrusion into the school*
- *An accident involving members of the school community*
- *An accident/tragedy in the wider community*
- *Serious damage to the school building through fire, flood, vandalism, etc*
- *The disappearance of a member of the school community*

Aim

The aim of the Critical Incident Management Policy is to help school management and staff to react quickly and effectively in the event of an incident, to enable us to maintain a sense of control and to ensure that appropriate support is offered to students and staff. Having a good plan should also help ensure that the effects on the students and staff will be limited. It should enable us to effect a return to normality as soon as possible.

Creation of a coping supportive and caring ethos in the school

We have put systems in place to help to build resilience in both staff and students, thus preparing them to cope with a range of life events. These include measures to address both the physical and psychological safety of the school community.

Physical safety

- *Health & Safety policy*
- Evacuation plan formulated
- Regular fire drills occur
- Fire exits and extinguishers are regularly checked
- Pre-opening and closing supervision in the school
- Side gate locked during school hours

Psychological safety

The management and staff of *Coláiste Bríde* aim to use available programmes and resources to address the personal and social development of students, to enhance a sense of safety and security in the school and to provide opportunities for reflection and discussion.

- Social, Personal and Health Education (SPHE) is integrated into the work of the school. It is addressed in the curriculum by addressing issues such as grief and loss; communication skills; stress and anger management; resilience; conflict management; problem solving; help-seeking; bullying; decision making and prevention of alcohol and drug misuse. Promotion of mental health is an integral part of this provision
- Staff have access to training for their role in SPHE
- Staff are familiar with the Child Protection Guidelines and Procedures and details of how to proceed with suspicions or disclosures
- Coláiste Bríde published I am Worth it, a mental health awareness booklet, which is given to all our students. We have also created a supporting website www.iamworthit.ie.
- Books and resources on difficulties affecting the post primary school student are available
- Information is provided on mental health in general and such specific areas as signs and symptoms of depression and anxiety
- Staff are informed in the area of suicide awareness
- The school has developed links with a range of external agencies including Tusla
- Inputs to students by external providers are carefully considered in the light of criteria about student safety, the appropriateness of the content, and the expertise of the providers.
- The school has a clear policy on bullying and deals with bullying in accordance with this policy
- There is a care system in place in the school using the "Continuum of Support" approach which is outlined in the NEPS documents published on 2007 for primary schools and 2010 for post primary schools. See also Student Support Teams in Post Primary Schools (2014). These documents are available on www.education.ie
- Students who are identified as being at risk are referred to the designated staff member (e.g. guidance counsellor or year head), concerns are explored and the appropriate level of assistance and support is provided. Parents are informed, and where appropriate, a referral is made to an appropriate agency.
- Staff are informed about how to access support for themselves.

Confidentiality and good name considerations

Management and staff of *Coláiste Bríde* have a responsibility to protect the privacy and good name of people involved in any incident and will be sensitive to the consequences of public statements. Members of school staff will bear this in mind, and seek to ensure that students do so also, e.g. the term 'suicide' will not be used unless there is solid information that death was due to suicide, *and* that the family involved consents to its use. The phrases 'tragic death' or 'sudden death' may be used instead. Similarly, the word 'murder' should not be used until it is legally established that a murder was committed. The term 'violent death' may be used instead.

Consultation and communication regarding the plan

Our school's final policy and plan in relation to responding to critical incidents has been presented to all staff. Each member of the critical incident team has a personal copy of the plan.
