LCVP

N.B. In order to study LCVP you must be studying French or German or have an official foreign language exemption (if unsure please check this with our SEN Coordinator Ms. L. Murphy)

If you wish to take LCVP you must also have **one** of the following subject combinations e.g.

- Art with Accounting/Business/Economics
- Ag. Science with Accounting/Business/Economics
- Music with a business subject
- Home Economics with one of the following: Art/Ag. Science/Biology/Business/Accounting/Economics
- Any two of the following: Biology/Chemistry/Ag. Science
- Any two of the following: Accounting/Business/Economics

More information on LCVP can be found at this link: <https://pdst.ie/node/2354>

Please note: LCVP is not a Leaving Cert subject, it is an additional programme that students can study.

Foreign Language

We strongly advise that you include at least one foreign language, French or German, in your subject choice. You do not need a foreign language for all University or College courses, however, you do need one to study many courses in the National University of Ireland and its related colleges (e.g. UCD, UCC, NUI Galway and Maynooth University).

Should you need any clarification or extra information on this, please contact the Guidance Counsellor, Ms. Sheridan, as soon as possible.

If you opt not to take a foreign language, we will ask you to select an option in the online form with the following statement:

I do not wish my daughter/ward to study a foreign language. I acknowledge that I understand the consequences of making this decision and accept that my daughter/ward will not have access to all university/college courses.

Please do not hesitate in contacting the school should you have any questions.

Yours sincerely,

Kiera O'Sullivan
